13 December 1957

SUBJECT: Training of FOG Personnel

TO:

25X1A

Dear Burt:

Reference your letter, CMCC Doc. No. 151X5.741 dated 30 September 1957, concerning training of Air Training Command personnel at Laughlin Air Force Base. Information contained in that letter was forwarded to our using organization. Their reply stated a requirement for two personnel to be trained, instead of three as originally planned, and requested that the training on System 4 and readout equipment be deleted entirely.

25X1A

The program will be conducted for [redacted] and was as discussed recently between [redacted] to begin on 9 December. Although the interviews by your engineers indicated that [redacted] was the only one who should be considered for training, our users requested that [redacted] be given as much instruction on Systems 1 and 3 as he could adequately handle.

25X1A

25X1A

You are requested to notify us at such time as it is necessary to transfer the training program to your facility in order for us to establish plant clearances for these two men. If anything further is required, please let me know.

Sincerely,

25X1A
